## Trick or Treat Corner

Kids plunge their hand into our special Halloween Trick or Treat box and have to guess what's in there. They may get a treat, but a lot will get tricked. Every child regardless comes away with a treat.

## Crafts

We have some excellent Halloween crafts. Mask making, Door Hangers, Tea Light holders (these are VERY professional), flag making, Halloween kite making and many more.

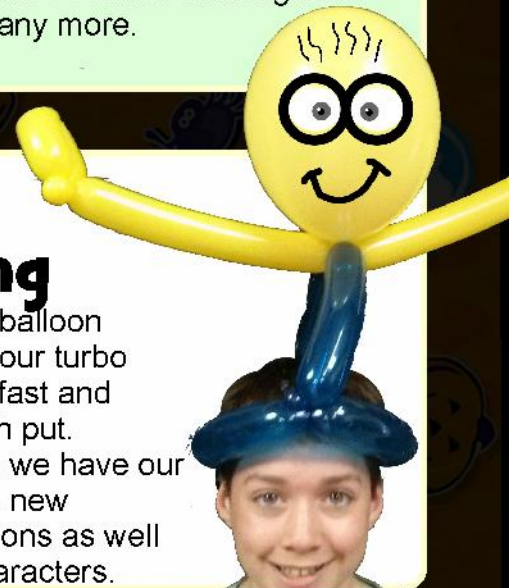

## Face Painting

Still the absolute staple activity for Halloween, every child wants their face painted at this time of year more than any other. Ghosts, ghouls, witches and many more, we have 25 face painters for you.

## Balloon Modelling

Our uniformed balloon modellers with our turbo pumps ensure fast and efficient through put. For Halloween we have our EXCLUSIVE new Minion balloons as well as alien characters.

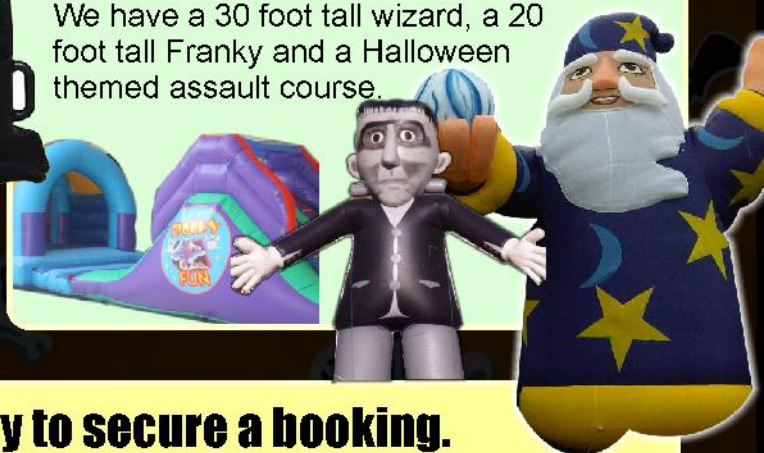

## Extreme makeover

We provide a banner stand like that shown here - all the children get their faces painted AND various costume additions. We have a Harry Potter wizard theme, Vampires, Witches and General Halloween. VERY POPULAR!

## Inflatables

We have a 30 foot tall wizard, a 20 foot tall Franky and a Halloween themed assault course.
